

'Love Your Network - Scotland' Guidelines (2026)

'Love Your Network - Scotland' provides equipment for small community-led projects that support litter picking and maintenance activities on traffic-free sections of the National Cycle Network in Scotland.

Communities play a crucial role in encouraging others to walk, wheel and cycle for more of the journeys they make every day, by making areas more enjoyable to travel through. 'Love Your Network - Scotland' supports communities to make physical improvements to traffic-free sections of National Cycle Network by providing litter picking equipment and hand tools for maintenance.

Why fund this?

Walk Wheel Cycle Trust only has maintenance responsibilities for a small portion of the National Cycle Network in Scotland, where we support maintenance volunteering. We encourage voluntary care across all areas of traffic-free Network in Scotland, but we also aim to support those community groups that are already helping to look after their local routes or are hoping to begin.

Travelling along safe, clean routes can make routes more appealing, journeys more enjoyable and increases everyone's confidence in their travel.

Who can apply?

'Love Your Network - Scotland' is available to constituted community groups, or organisations supporting voluntary action, e.g., trusts, charities, social

Permissions

Landowner permission will be required for your project if you are making changes to land or the environment using tools or management practices. Should your application be successful, you will be asked to provide proof of this.

Please obtain this in writing in advance of applying. If you need advice on how to do this, please get in touch.

Written permission is not required for litter picking activities.

For applications with large changes, you will also need to demonstrate that you are covered by public liability insurance. Should your application be successful you will be asked for proof of this.

Please note - where we have maintenance responsibilities, or where there are complex land management agreements in place, we may not be able to support your application.

Community involvement

'Love Your Network - Scotland' exists to support voluntary action by communities on traffic-free sections of the National Cycle Network, so please include an outline of community involvement in your application.

Please specifically mention how your project might reach underserved/underprioritised groups or improve access or opportunities for everyone.

Measuring impact

When writing your application, please think about how you will measure the impact of your work. Walk Wheel Cycle Trust require groups to:

- Provide photos and quotes from the group showcasing the impact of your project.
- Record the number of hours spent carrying out activities.
E.g. if your group of 4 people spend 2 hours litter picking on a route, you would record 8 hours in total for that activity
- For litter picking activities, keep a record of the number of litter bags filled.
- For maintenance activities, record the length of the route that you have maintained.
- Complete a feedback form within 6 months of receiving the equipment.
- Potentially become a case study for 'Love Your Network - Scotland'
